This Institution is intended for the training of young persons of both sexes for teachers in the Schools of Illinois.

Students seeking admission to the University should make application to the School Superintendent of the county in which they reside, and are required—

- (1.) To be, if males, not less than 17, and if females, not less than 16, years of age.
- (2.) To produce a certificate of good moral character, signed by some responsible person.
- (3.) To sign a declaration of their intention to devote themselves to School-teaching in this State, in form as follows:
- "I hereby declare my intention to become a teacher in the schools of this State; and agree that, for three years after leaving the University, I will report in writing to the Principal thereof, in June and December of each year, where I have been, and in what employment."
- (4.) To pass a satisfactory examination, before the proper officers (County School Superintendents), in Reading, Spelling, Writing, Arithmetic, Geography, and the elements of English Grammar.

EXTRACT FROM THE NORMAL-UNIVERSITY ACT.

SEC. 7. Each County within the State shall be entitled to gratuitous instruction for one pupil in said Normal University, and each Representative District shall be entitled to gratuitous instruction for a number of pupils equal to the number of representatives in said district, to be chosen in the following manner: The School Superintendent in each county shall receive and register the names of all applicants for admission to said Normal University, and shall present the same to the County Court, or in counties acting under township organization to the Board of Supervisors; which said County Court or Board of Supervisors, as the case may be, shall, together with the School Superintendcut, examine the applicants so presented, in such manner as the Board of Education may direct, and from the number of such as shall be found to possess the requisite qualifications such pupil shall be selected by lot; and in representative districts composed of more than one county, the School Superintendent and County Judge, or the School Superintendent and Chairman of the Board of Supervisors in counties acting under township organization, as the ease may be, of the several counties composing such representative district, shall meet at the Clerk's office of the County Court of the oldest county and from the applicants so presented to the County Court or Board of Supervisors of the several counties represented, and found to possess the requisite qualifications, shall select by lot the number of pupils to which said district is entitled. The Board of Education shall have discretionary power, if any candidate does not sign and file with the

Secretary of the Board a declaration that he or she will teach in the public schools within this State, in case that engagement can be secured by reasonable efforts, to require such eandidate to provide for the payment of such fees for tuition as the Board may prescribe.

(AMENDED FEBRUARY, 1861.)

Sec. 4. Each County in this State shall, hereafter, be entitled to gratuitous instruction for two pupils in said University, to be selected as provided in Section Seven of the Act to which this is an amendment.

If any County or Representative District neglects to make appointments, the President of the University is, by a resolution adopted by the Board of Education, authorized to fill the vacancy by appointing any person of proper age and qualification. Every such person must pass, before the President, an examination similar to that required before the County Superintendent in other cases.

SUGGESTED FORM OF CERTIFICATE.

I hereby certify that I am well acquainted with, and know him [or her] to be a person of good moral character.

In case the School Superintendent is not able to make the above certificate himself, something like the following endorsement should be appended by the School Superintendent:

I am well acquainted with who signs the above certificate and believe him to be an entirely reliable man; and, so far as I know and believe, the above-named applicant is a person of good moral character.

ADDITIONAL INFORMATION.

Thorough Discipline will be enforced in every department of the University.

Experience has shown it to be very necessary that a perfect understanding should exist between the President and those with whom the students board, in respect to the habits and conduct of students at their rooms. This will, accordingly, be carefully attended to.

Physical Exercises will be had daily in all the departments. Dr. Lewis's System of Light Gymnastics is now thoroughly introduced, and the results are in the highest degree satisfactory.

BOARD can be obtained in good families for about \$4.00 a week, exclusive of fuel, lights, and washing; when these are furnished, except washing, the charge is a little more.

The expense of board is reduced about one-half by boarding in clubs, and by self-boarding. Rooms can be secured, at reasonable rent, in the village.

The following may be considered a near approximation to the necessary Ex-PENSES for one year, exclusive of pocket-money, apparel, traveling, and board in vacations:

Board, 40 weeks,					from	\$80.00	to	\$160.00
Washing,					44	15.00	"	30.00
Books and Stationery	,				46	5.00	66	10.00
Total.						\$100.00		\$200.00

Tuition is free.

Text-Books are furnished free of expense, but every student is required to make good all damages received by books while in his possession.

Students are advised to bring with them such books as they may have, but not to purchase others until they arrive at the University.

The Apparatus is excellent in quality, and sufficiently ample for ordinary purposes of illustration.

The DIPLOMA of the University is conferred upon all those who creditably complete its full course of study and practice.

There are two LITERARY SOCIETIES, the Philadelphian and Wrightonian, each of which has a well-selected library.

The MUSEUM and LIBRARY of the Illinois Natural-History Society are located in the University building, to which the students of the University will have access, under suitable restrictions.

COURSE OF STUDY, ETC.

THE MODEL DEPARTMENT was established in order that there might be a school, exhibiting the best methods of teaching, discipline, and classification which the Normal Students should visit, and in which they should take part as instructors. Every effort will be put forth to make this as far as may be, a perfect school, conducted upon the best methods, and showing the most wholesome results.

It is intended that the course of study in its several departments shall embrace all that belongs to a thorough education, from the elements up to a preparation either for College or Business. For the lower classes, a system of Object Lessons has been prepared with the greatest care. The design of this is to awaken the perceptive faculties, and to form a habit of accurate observation. Children thus trained not only make more thorough scholars, but also more practical men and women.

It is divided into four departments,—the High, Grammar, Intermediate and Primary Schools. Each of these is under the direct charge of an accomplished and efficient Principal, who is assisted in part by permanent teachers, and in part by the pupil teachers from the Normal School. Their work is subjected to the most rigorous supervision, and suggestions are constantly made for their guidance and improvement.

The Classical Course is very thorough and is much more extended than that of some colleges. Our young men enter Harvard and Yale without conditions.

The accompanying plan of study will give a general idea of the subjects to be pursued in the High School and the time allotted to each. It will be observed that two distinct courses are arranged for the High School: one to prepare students for College and the other for general Business. The two, however, are made to blend whenever practicable.

The only requisites for admission are a small tuition fee, and a good character. Pupils, on being examined, are classed according to their attainments.

Boys and girls from abroad may be confidently intrusted to the care of the Principals; and besides the monthly report of scholarship and deportment at school, which is to be sent to all parents, will be included, if desired, a careful statement of each pupil's general deportment, and of the manner of spending leisure hours.

Physical Exercises are daily practiced by the entire school, and the effect upon the health of the pupils is excellent.
