and Megan Engelhardt

Ecosphere

Appendix S1: Fig. S1

Data is used to generate Fig. S1, which includes densities of rosettes and mature plants from
2004 -2014

**/*Data are rosettes, plotid (plot identification), counts, and quadrats. There are two
woods each with two blocks. Quadno are quadrat numbers, numbers 1-11 indicate
sample years from 2004-2014. Codes are SAS for PROC GLIMMIX.*/**
