**Message from the
International President**

Dear SIEC-ISBE Friends,

Welcome to the 161st edition of The *International Journal for Business Education*, formerly known as *The Review*. The journal is a double blind, peer-reviewed publication that provides global business educators with scholarly articles related to business education. An international review board consisting of renowned experts ensure the high quality of all manuscripts before being accepted for publication. You can find the journal at <http://ijbe.online>.

With its mission to promote scientific knowledge to business educators around the world, SIEC-ISBE has taken an initiative to support open access publication. All articles published by IJBE are made immediately available worldwide under an open access license.

The new website is an important step in getting the journal indexed in various databases and gives our journal more status in the research world.

I'd like to encourage SIEC-ISBE members to place articles of general interest to the business education community worldwide. Each submission is based on research conducted by our members and contributes to the body of knowledge in global business education.

I want to thank Tamra (Davis) Connor, Ph.D. of the ISBE-US Chapter and Michaela Stock, Ph.D. of the ISBE-Austrian Chapter for taking on the task of editors. I also want to take a moment to thank our reviewers. The complete list of reviewers is available on our Editorial Board page (<https://www.ijbe.online/editorial-board.html>). Your expertise was beneficial in helping improve the quality of the accepted manuscripts and offering guidance for improvement to those authors whose work was not accepted this year.

I am looking forward to reading many interesting articles submitted by our SIEC-ISBE researchers!

With best SIEC-ISBE wishes,

Evelyn Meyer
SIEC-ISBE International President

Review Process

The *International Journal for Business Education* is a double-blind, peer-reviewed journal. Due to the international nature of the journal, two or more editors work together to facilitate the review process. The editor from outside of the United States handles all manuscripts that originate from the United States. This editor assigns the manuscripts to the appropriate reviewers, handles all correspondence with the author(s) and reviewers, and makes the final decision on acceptance. The editor from the United States handles manuscripts that originate from outside the United States. Again, this editor assigns the manuscripts to the appropriate reviewers, handles all correspondence with the author(s) and reviewers, and makes the final decision on acceptance. By following this process, it is possible that one or more of the editors will also have a manuscript published in the journal. Additionally, it is also possible that someone who has submitted a manuscript is also selected to be a reviewer.
