Available at: <https://ir.library.illinoisstate.edu/tlcsd/vol4/iss3/1>

This Issue Sponsor is brought to you for free and open access by ISU ReD: Research and eData. It has been accepted for inclusion in *Teaching and Learning in Communication Sciences & Disorders* by an authorized editor of ISU ReD: Research and eData. For more information, please contact ISURed@ilstu.edu.

Simucase: Embrace the Power of Simulation-Based Learning

simucase

EMBRACE THE POWER
of simulation-based learning

Our professions include speech-language pathology + audiology!

The premiere solution for simulation-based education, Simucase offers 24/7 access so members can build their clinical skills and earn observation/clinical clock hours anytime.*

Simucase is a competency-based learning platform that combines the power of simulation-based learning with a comprehensive patient video library! The library is always growing and includes simulations and patient videos in the fields of audiology, speech-language pathology, occupational therapy, and physical therapy.
