Dr. Charles W. Edwards  
Chairman, Academic Senate  
Illinois State University  
Normal, Illinois 61761

Dear Charles,

This letter is a follow-up of our phone conversation this date.

I have been asked to forward to you the following recommendation which was made by the Board of Directors, ISU Campus Chapter of the Illinois Association for Higher Education:

The Board of Directors of the ISU Campus Chapter of the Illinois Association for Higher Education recommends that the money allocated for salary adjustments ($1,480,434) be used exclusively for cost of living, to be shared equally among all fulltime faculty members. It further recommends that the parity money ($250,000) be used for rewarding merit.

This action is taken in the light of the fact that cost of living in the United States is at a rate in excess of 8% and is sure to continue at a high rate, according to experts.

The Association feels that salary increases to keep pace with cost of living is a basic need of all faculty members and their families and that it should receive first priority at Illinois State University.
You are requested to read the above recommendation into the record as an information item at the regular meeting of the Academic Senate on Wednesday, January 23, 1974 and subsequently for the Senate to take whatever action is deemed appropriate at the first practicable opportunity.

Your consideration of this matter will be greatly appreciated.

Sincerely yours,

WILLIAM FRINSKO, Ed. D.
Chairman, IAHE at ISU
