From the Department of Curriculum and Instruction:

Normand Madore
Runner-up
Leo Eastman

The University Elections Committee certifies the above results. (unanimous)

2. Filling Vacancies

In light of the fact that there are no runners-up in the on-campus election the Committee will request the Student Association to prepare and recommend procedures for filling vacancies which might occur. (The normal procedure is to seat the next runner-up.) These recommendations should then be forwarded to the Senate.

3. Requirements on constituencies

This committee will request that SA amend the Election Code to clearly define eligibility of Senate candidates with regard to the matter: should a constituent representative be a member of his constituency.

4. Eligibility of Faculty to Vote

The committee ruled that a person whose contract classifies him as faculty of rank instructor or higher whether full or part time is eligible to vote in Senate elections. (unanimous)

5. Jurisdiction over student elections and a recodification of Election Committee By-Laws.

The committee recommends that the Senate ByLaws be recodified to transfer Senate jurisdiction over student elections from the University Elections Committee to the Student Association Elections Committee. The chairman will draft a proposal for a new ByLaw for the UEC and request the Senate to approve this change. It was recommended that the UEC keep an advisory role in Student Elections and be kept informed of the actions of the SA Elections Committee on Senate election matters.

6. Faculty elections

It was recommended that the UEC draft a summary sheet of general rules and procedures to be distributed to the various college election committees.
