CIVIL SERVICE STAFF COUNCIL

January 20, 1975

Members of the Academic Senate:

On Wednesday, January 15, 1975, the Civil Service Council met and voted unanimously to support a proposition which would assure its officers monthly, one-hour meetings with the President and members of his staff.

With previously determined agenda items, such meetings would serve to allow Civil Service meaningful input into the President's Office as faculty members and students presently have through the Academic Senate.

If this system of advising works--and we believe that it will--we would request that it be formally accepted by the University community next October as Civil Service's formal tie to the governance structure.

We commend the President of the University for his willingness to participate in such an arrangement, and we view this development as a significant and tangible expression of good faith.

Sincerely,

Floyd "Bud" Clark, President
Civil Service Council
