For this sound leadership, the Academic Senate is grateful."

X,154 A motion (Sanders/Friedhoff) to accept this sense of the Senate resolution was made and approved.

Administrators' Remarks

There were no remarks.

Student Association President's Remarks

Ms. Voorhees, newly elected President of the Student Association, expressed appreciation for all the assistance and cooperation given her during the past, welcomed the new senators and said she would be glad to hear from any of the senators any time of the day or night.

ACTION ITEMS:

Blue Book Revisions on External Committees - Reinstatement Committee 2.26.79.1

X,155 Mr. Kohn reported for the Rules Committee on this item. Mr. Kohn said the Rules Committee by majority vote recommended that this committee should have the reporting line changed so that the Reinstatement Committee would be reporting to the Academic Affairs Committee rather than to the Student Affairs Committee. A motion (Kohn/Boaz) to approve this reporting line change was made and approved.

Proposal to Separate Entertainment and Forum Committee from Senate 3.29.79.1

X,156 A motion (Ginnis/Morrison) to suspend the rules and make this an information item at 4/25/79 meeting was made. Chairperson Cohen remarked that it was not necessary to suspend the rules on this item and explained it could be postponed for consideration. The motion (Ginnis/Morrison) was withdrawn by the maker and the seconder. A motion (Conlon/Ginnis) to postpone consideration and make this an information item at the Senate meeting of April 25, 1979 was made and approved.

INFORMATION ITEMS:

Nursing Completion Program 3.7.79.1

X,158 Chairperson Cohen informed the senate that this item needs to be removed from the table. A motion (Miller/Carey) to remove from the table was made and approved. Mr. Rives was on hand to answer questions. He remarked that there was a resource file on the Nursing Feasibility Study available in the Senate office for interested parties to consult. He explained in answer to a question that accreditation only occurs after a group has gone through the program and that he hoped for stable enrollment. Mr. Friedhoff inquired as to the similarity in hours between this program and the BFA in Theatre. President Watkins commented that there was no inclination on his part or on the part of anyone else to force this program on the university unless there is an accompanying infusion of money to support the program. He said without an assurance of money there was no possibility of undertaking the program because we are not taking other areas' monies for this program. Mr. Kohn said he was not sure where this money was going to come from and was informed that it would come from the fund of General Revenue dollars.

Mr. Shulman pointed to the similarities of this program and another already in progress that had been working quite well for the past two years. Mr. Rives

explained that we are not going to build a new school of nursing. Mr. Cahill asked if this program would take four years of part-time schooling and was told by Mr. Rives that it would. Mr. Rives said that members of the nursing group itself had requested this program and that they were aware of the time required to complete the program.

Kohn Memo 3.7.79.3 "Requirement that both senators and members of external committees be full-time, and if students, be in good academic standing"

X,159 Mr. Kohn moved and Mr. Friedhoff seconded the motion to remove from the table. This was agreed to and the item was presented for information purposes.

Parking Policy Recommendation 3.28.79.1

Mr. Schwalm, Chairperson of the Administrative Affairs Committee, presented this recommendation. There was no discussion.

FROM: Administrative Affairs Committee

TO: Operation of Parking Services at ISU

After many hours of deliberation about Parking and Traffic organization and supervision at ISU, the Administrative Affairs Committee of the 1978/79 Academic Senate, in its meeting on March 29, 1979, reach the following conclusion:

The Office of the Secretary of the University administers Parking and Traffic Policy and Regulations at ISU.

The Parking and Traffic Committee, as established by the Academic Senate, and augmented by representatives from the Prof/technical Staff and the Civil Service Council, is most familiar with the parking problems and solutions to recommend to the Secretary.

We have reviewed the Report from the Ad Hoc Committee on Parking policy at ISU, the guidelines delineated by the Office of the Secretary, and proposals to resolve difficulties in the current system in retrieving fines and in resolving appeals procedures.

In reviewing these various reports, we come to the conclusion that it would be best to have parking services detached from the Senate jurisdiction, since they are mostly administrative in nature, and since the advisory committee is in its composition, different from many external Committees of the Academic Senate. For these reasons, the Administrative Affairs Committee suggests to rest the responsibility to facilitate parking on this campus solely with the Secretary of the University, with the provision that concerns and complaints are processed through the usual administrative channels.
