MEMBERS PRESENT

CALL TO ORDER

Mr. Charles Hicklin, Chairman of the University Council, called the meeting to order at 3:30 p.m. in Room 401 of Stevenson Hall.

Mr. Ferrell moved that the minutes of the November 19 meeting be approved as distributed. Mr. Wilson seconded the motion.

The motion carried unanimously.

PROPOSAL FOR ANTHROPOLOGY MINOR

Mr. Kohn moved the adoption of the minor in Anthropology. Mr. Morris seconded the motion.

The requirements for the minor in Anthropology are as follows:

A total of 18 semester hours of anthropology, including Introduction to Cultural Anthropology (Ant 180), and Introduction to Physical Anthropology (Ant 182). Three (3) hours of Sociology may count toward this total.

At least one member of the council voiced concern over the emphasis placed on teacher preparation in the area of Anthropology. It was felt that there was little opportunity for teachers of Anthropology in Illinois, at least for the present. Mr. Jelks of the Department of Sociology-Anthropology reported that Anthropology was presently offered in the secondary schools of California and in some elementary schools in Illinois.

The motion passed with no negative votes and with Mr. Egelston abstaining.

POLICY ON CLASSIFIED RESEARCH

Mr. Zeller moved to adopt the Policy statement on Classified Research. Mr. Drew seconded the motion.
A copy of the policy and the review procedures is attached.

During the discussion, a question was raised as to why only classified research was included. Mr. Bond said that research which was not classified could be discussed and reacted to by faculty members but classified research could not. Therefore, he felt that some guidelines were needed.

Some members of the Council pointed out that certain types of research could be used in military warfare even though the research was designed for peaceful purposes. Attention was called to the fact that the policy statement refers to contracts for research for the "purpose of killing, maiming, or incapacitating human beings."

The vote on the motion was as follows:

INFORMATION REGARDING HOUSE BILL # 98

Mr. Hicklin reported that this item was brought to the Council as an information item only. He explained the background of the bill and the significance of the bill on the faculty of Illinois State University.

Mr. Bond circulated forms which will be used to request permission to perform consulting or research services. He said that the House Bill required faculty members to report the approximate hours spent on outside projects.

Mr. Bond informed the Council that the form and a memo explaining its use would be distributed to each department. It was suggested that a copy of the bill should also be circulated.

"Because the role of faculty members is not always clearly understood in the community, the University Council wishes to express its gratitude on behalf of the faculty of ISU to Dean Richard R. Bond for his forthright presentation before the Rotary Club, entitled "What makes a Faculty Member tick."

Mr. Egelston seconded the motion.

The motion carried unanimously, with Mr. Bond abstaining.
