Guide to the Graphic, Scrapbook, and Secondary Source Materials in the Milner
Library Lois Lenski Collection

Compiled by Sean Tippey and Nicole Wolski

Edited by Eric Willey

With assistance from Alexis Foran and Jessica LaVoy

Normal, Illinois: Milner Library, 2016

Abstract: This guide to the graphic, scrapbook, and secondary source material in the Lois Lenski Collection of Milner Library, Illinois State University is intended to act as a supplement to the existing finding aid. It provides newspaper photo style captions and Thesaurus of Graphic Materials terms to describe illustrations, photos, and scrapbook materials in the collection in order to improve patron access. Additionally, citations for three boxes of materials which contain items concerning Lenski or her works, but not directly created by Lenski, are provided.

As of August, 2016, these materials are not available online. For further information or access to these materials please contact the Special Collections Department of Milner Library at 309-438-2871 or milnerspc@illinoisstate.edu

Using the guide: Each entry in part one consists of a folder number and folder title in bold, followed by a caption and descriptive terms for each item in that folder (i.e. if a folder has five illustrations by Lenski it will have five captions followed by descriptive terms). If you require further access to these items, referring to that folder number and title will greatly help with the process. Captions were written in the style of a brief newspaper photograph caption, and intended to give a general sense of what might be shown in a given image. Additionally, terms from the Thesaurus of Graphic Materials (TGM) were provided where appropriate, although if a page of a scrapbook (for example a letter) did not have graphical content, only the caption (and not terms from TGM) were provided. In cases where Lenski herself provided a caption, that caption is provided first followed by a second descriptive caption.

Patrons should be aware that although not always, often the terms in TGM are plural (i.e. even if a picture only has one apple the heading assigned will be "apples"). Please bear this in mind when searching and using the guide. The complete TGM can be found here:
<https://www.loc.gov/rr/print/tgm1/tgm1.txt>

The second part of this guide contains citations for items which were mass published and not necessarily created by Lenski, or contain brief excerpts from Lenski's works. Interested users may be able to locate these items through their local library, or they can contact the Special Collections Department of Milner Library at 309-438-2871 or milnerspc@illinoisstate.edu

Finally, these are not all the items related to Lois Lenski held at Milner Library, and patrons should consult the Special Collections Department at 309-438-2871, milnerspc@illinoisstate.edu, or the online finding aid for the *Lois Lenski Collection, circa 1850-1977* for further information.

Funding for this project was generously provided by Milner Library through a University Research Grant.

A second spreadsheet file (csv format) of the information in part one is also available for the convenience of our patrons.

No copyright is claimed on this work.

You are free to:

Share — copy and redistribute the material in any medium or format
